----- FROM THE PASTOR -----

Recently we did some major work on our parish rectory next to the church. Several months ago, we installed two new split air conditioners, on one on the first floor and one on the second floor. Because of a serious mold problem in the basement, we were able to remove all stored items that had been left there over the years. Last month, a waterproofing company installed a drainage system in the basement along with two new sump pumps. We are now working on fixing the electric generator that powers the pumps in the event of a power failure.

Mass at the Priory this Wednesday, (Aug. 28<sup>th</sup>) will be at 10am and not at 9am because of the Feast of St. Augustine.

Fr. Dave
